We have completed the DNA Testing as requested from the mane hair samples you sent us.

**The results are below:**

Horse Name: Heza Big Gunner.

**Tobiano Test:** (TT) Homozygous. \*Will pass the Tobiano gene to 100% of foals. Will produce Tobiano offspring every time regardless of mate.

**Red Factor Test:** (EE) Homozygous Black. Pure Black-based horse, will pass BLACk to 100% of Foals.

**LWO:** (nn) Negative. Can be considered a non-Overo horse.

Basically this means your horse will always produce Black based Tobiano foals.

Certification will be sent through the post, If you have any questions please do not hesitate to contact us.

Best Wishes and Kindest Regards
